Annual Assessment Scheduling Rules

Facilities must meet **two** timing requirements when scheduling Annual Assessments.

First, no more than 92-days are permitted between the R2b dates of the Annual Assessment and a prior OBRA MDS. Use this *MDS Scheduling Tool* to determine compliance with the assessment frequency requirement.

Second, no more than one year is permitted between comprehensive assessment VB2 dates. To allow for leap year, the next Annual Assessment VB2 date is due within 366 days of the prior comprehensive assessment VB2 date. In practice, to ensure the next Annual Assessment is completed in a timely manner, the scheduler may use the prior VB2 date and add one year to it to determine the latest VB2 date allowed for the new assessment.
